- ✓ Is your child lagging behind in studies or other activities in school?
- ✓ Are you uncertain about which career path your child should take?
- ✓ Are you struggling to decide where you should invest your hard-earned money for a better future for your beloved child?

If any of the above is your nagging concern, then you have arrived at the right place.

Welcome to **Happy Mindz Child Development Center** – the one of it's kind child growth and development facility in India that focuses on bringing out the real hidden potential in your child.

Happy Mindz is a place where you will find the right guidance and support to make that all important decision regarding your child's future direction through a scientific analysis of your child's personality and aptitude.

We use scientifically proven tools and techniques such as DMIT test to help you recognize your child's unique personality and innate abilities.

This greatly helps you achieve peace of mind by giving them proper support in the right direction. It helps you direct your child towards a more rewarding career that will lead to a happier and satisfying life.
